Great Quote:

"You cannot enslave a mind
that knows itself,
that values itself,
that understands itself."

My Story: Judy

When the miraculous happens, it tends to validate whatever system of belief you find yourself within.

1999 – The BIG CHILL

Dogma is reinforced with repetition, threats of separation and eternal torture for noncompliance. This is psychological programming and brainwashing. When beliefs are challenged norepinephrine is released into the bloodstream, pupils dilate, and the body is readied for fight or flight. When someone departs the faith, shunning usually begins.

Trauma helps to awaken us...

Sometimes traumatic events propel us into unfamiliar territories in consciousness. Something happens and a veil lifts within our psyche and we are given the opportunity to see things differently. Trauma fractures the dome of our reality allowing our consciousness to seep out like a spy to see beyond the boundaries of our present perception.

Generally, we are hard wired in our thinking and opinions; they are predetermined by our familial, cultural, religious or political ideals. We are taught to polarize to them (sometimes unconsciously) rather than to critically think for ourselves.

INTUITION:

A thing that one knows or considers likely from instinctive feeling rather than conscious reasoning~

“The intuitive mind is a sacred gift and the rational mind a faithful servant. We have created a society that honors the servant and has forgotten the gift.”

Do you think the Bible is a
Christian book? Or is it a mystery
book? Some of its stories come
from cultures that predate the
oldest in the Bible - and it calls
itself allegory six times: Ez. 17:2,
Gal. 4:24, Pro. 1:6, John 10:6 and
John 16:29, 1 Cor. 10:11-13

Familiar Stories
Metaphorically

The Parted Red Sea

Red = Adam

Sea = Human Consciousness

Corpus Collosum - called the
(Bride's) Veil is made up of more
than 200 million nerve fibers.

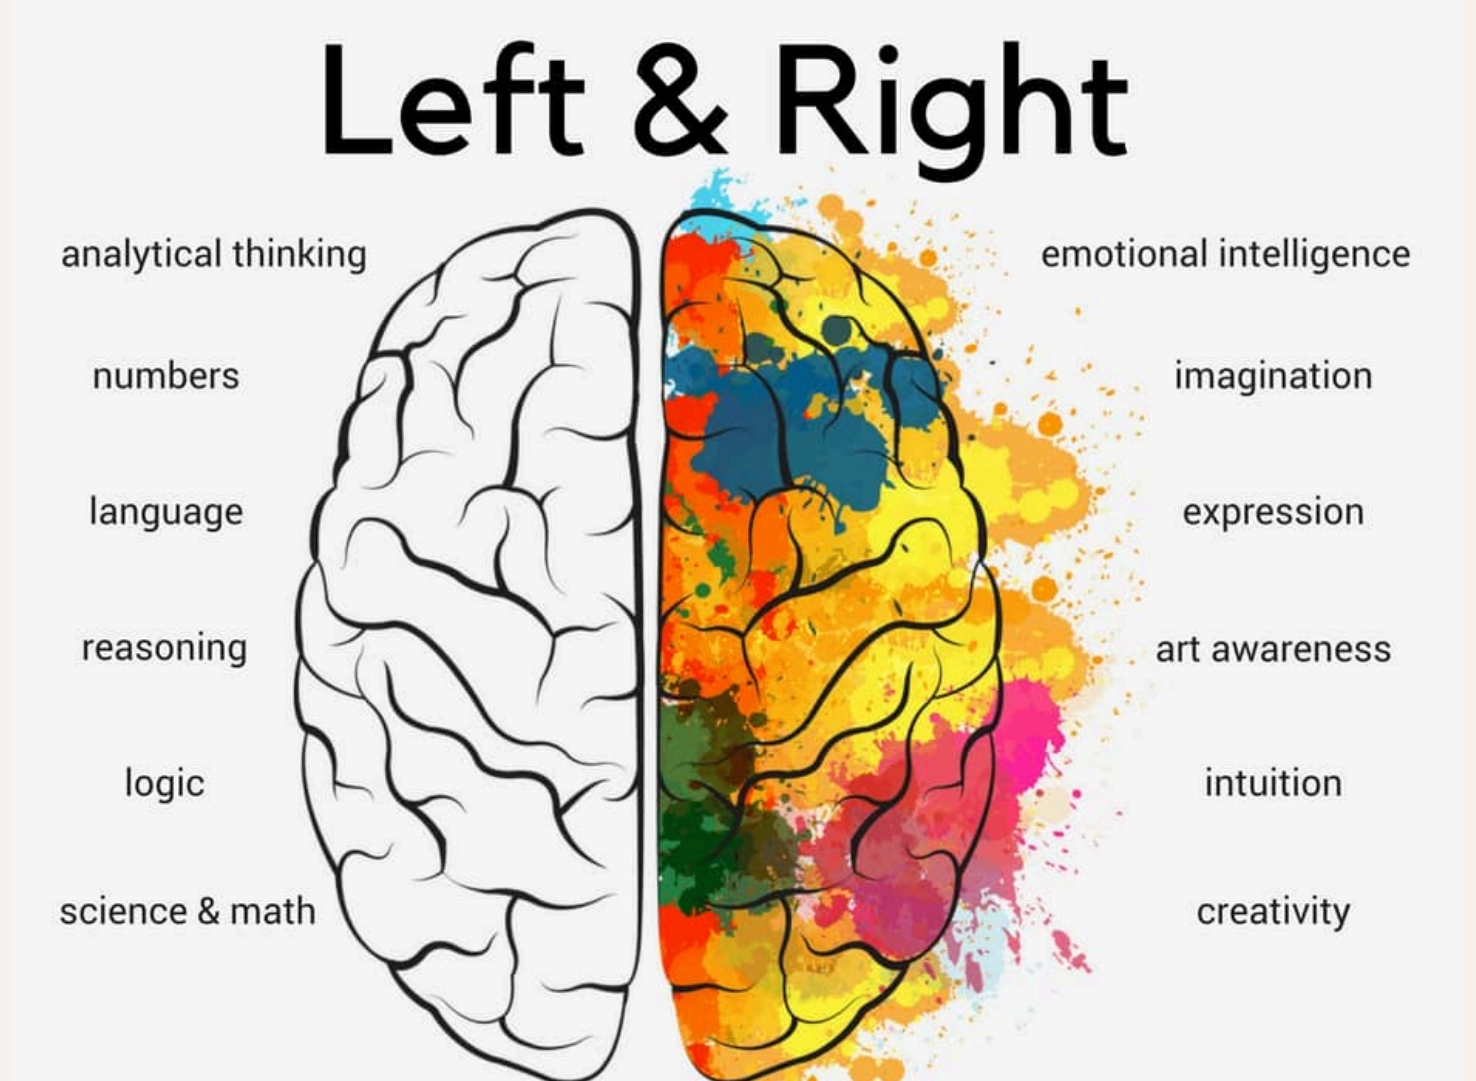

Masculine & Feminine, Critical
thinking and intuition, right and
left brain are separated.

The Bicameral Mind

“Red Sea” parting metaphorically may mark the beginning of the separation between the two hemispheres of the brain.

The origin of Consciousness and the Breakdown of the Bicameral Mind, Julian Jaynes states that at one time the human being functioned with the whole brain, undivided, right hemisphere and left hemisphere worked in tandem.

There is coming a time when humanity will once again utilize the whole brain as the “bride’s veil” is lifting – thinning (Corpus Collosum). The brain will function in tandem

In 1990, Frank Lynn Meshberger, M.D proposed that the painting may be hiding an anatomical depiction of the human brain and that the depicted God is superimposed on the emotional side of the brain, the limbic system

Where is God found?
Within

The “Red-Sea” parts, wandering in the wilderness, bit by serpents and dying. The cure?

To fashion a bronze serpent on a pole and raise it up and every time they were "bit" they were to look at it, but instead, they worshipped it, and God commanded it to be destroyed. What is being destroyed?

The serpent on the pole is kundalini energy (life force) rising up the spinal column from base energy to Divine. The Ancients KNEW...

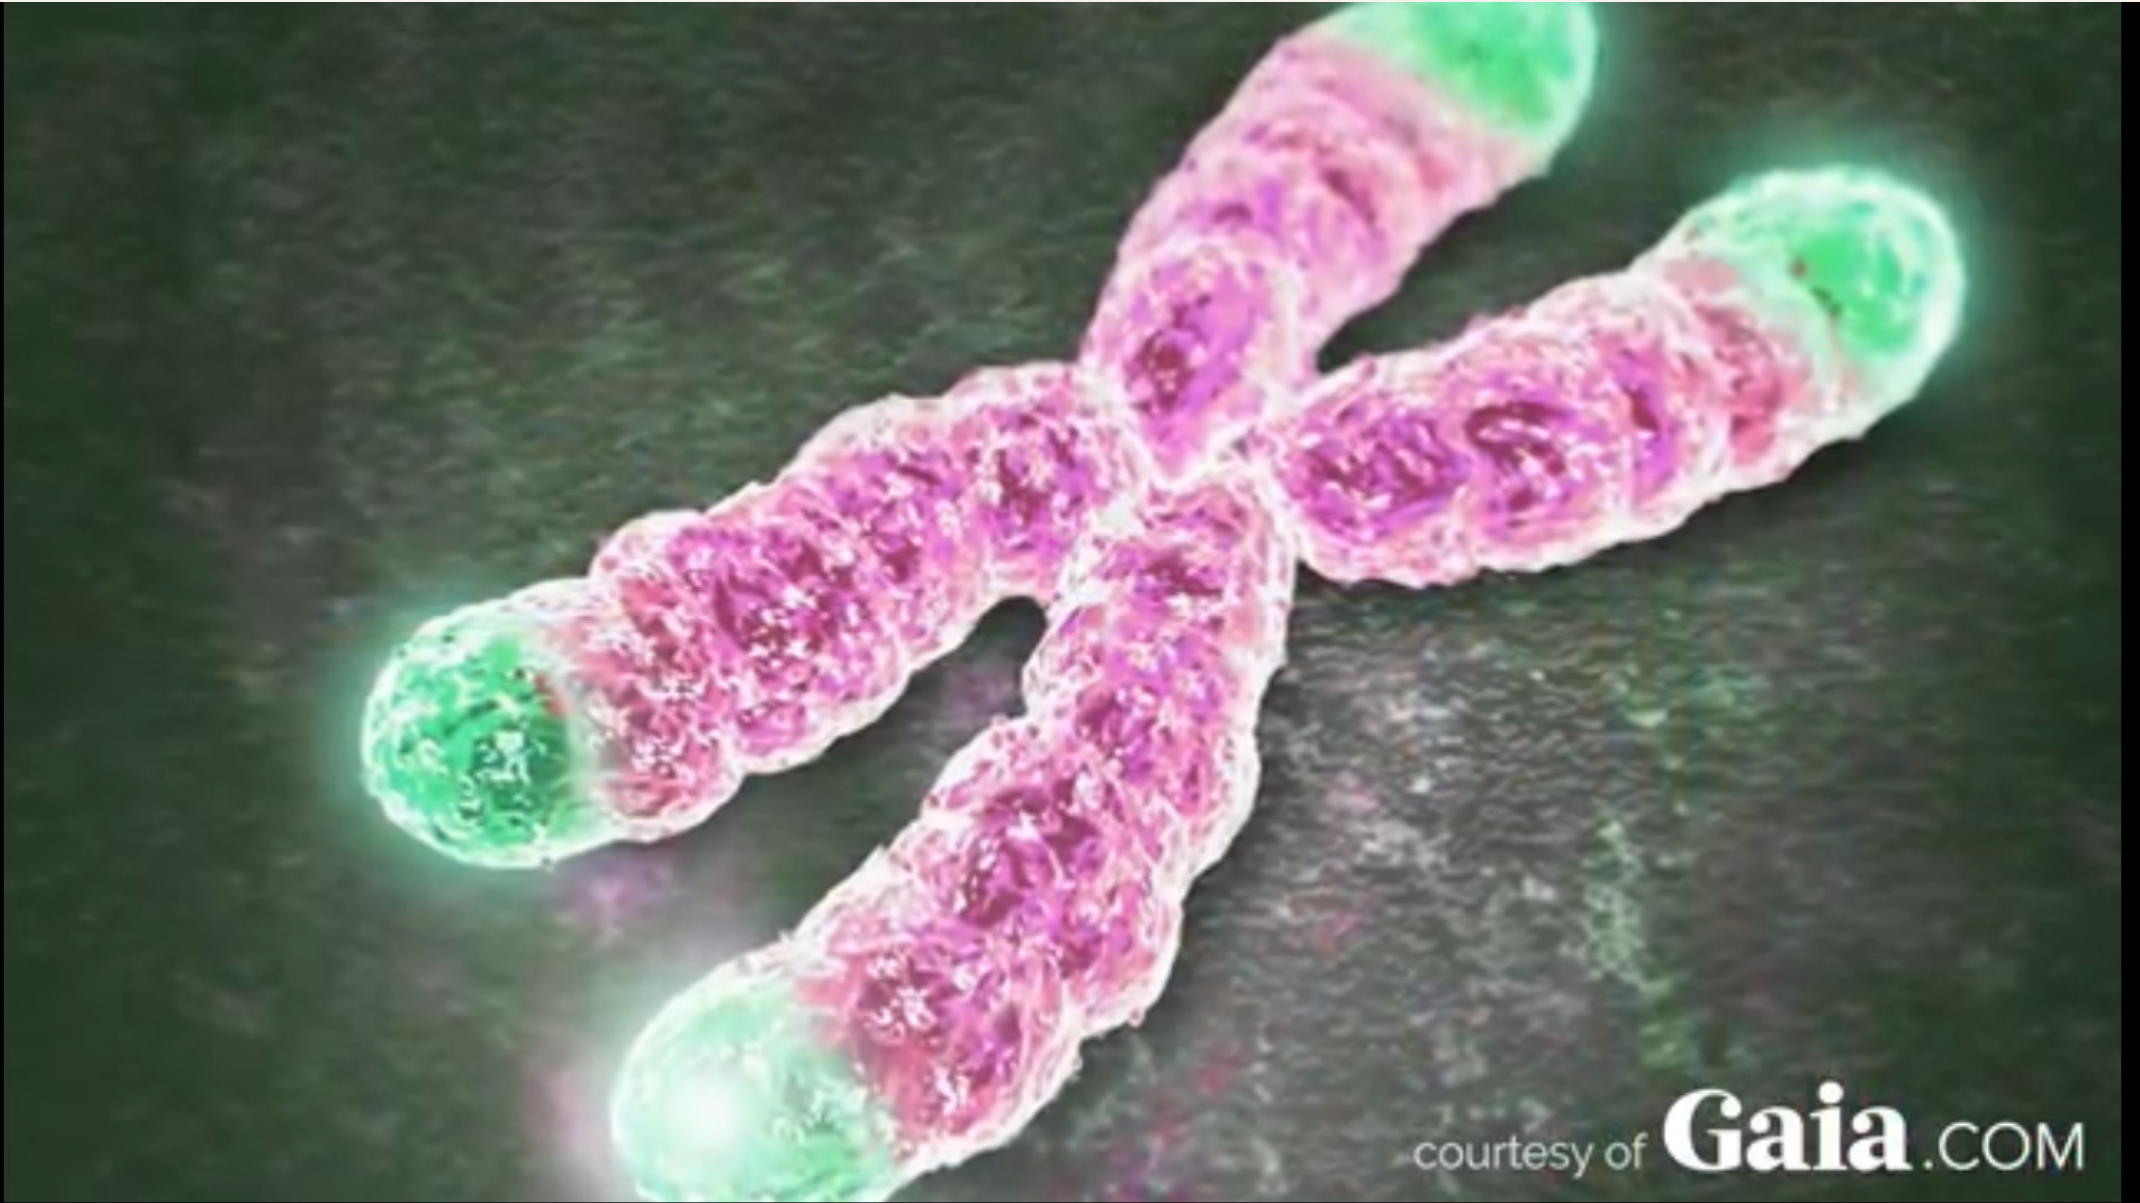

Risen Kundalini

Gregg Braden Quote from his book titled, Human by Design

The results of DNA testing on 40,000-year-old Neanderthal baby is that "...the Neanderthal mitochondrial DNA (mtDNA) sequences were substantially different than human mtDNA." Although this single statement sounds relatively benign, it's the equivalent of an earthquake with the epicenter right at the foot of the human evolutionary tree."

My mentor said:

"Barbara, you cannot say there is no hell for I have been there, or that there is no Satan for I have stood before him."

Which metaphors allude to the journey that Divinity takes into humanhood?

Why the journey? Why creation?

Spanish immersion / human immersion

Divinity is learning how to manufacture and to distribute emotional currency

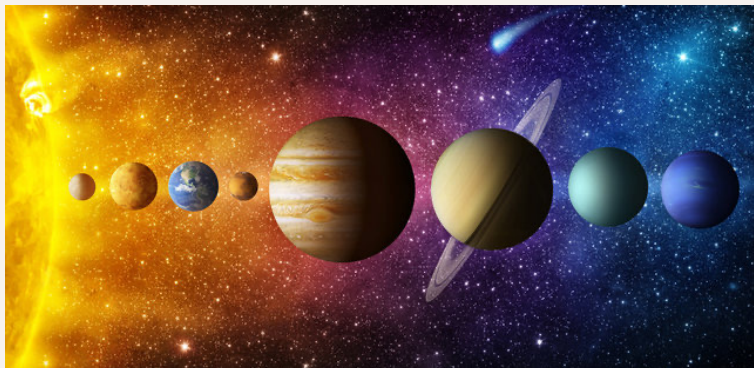

This education will teach Divinity through us how to function within the material dimension

Celestial Movements that Mark Time

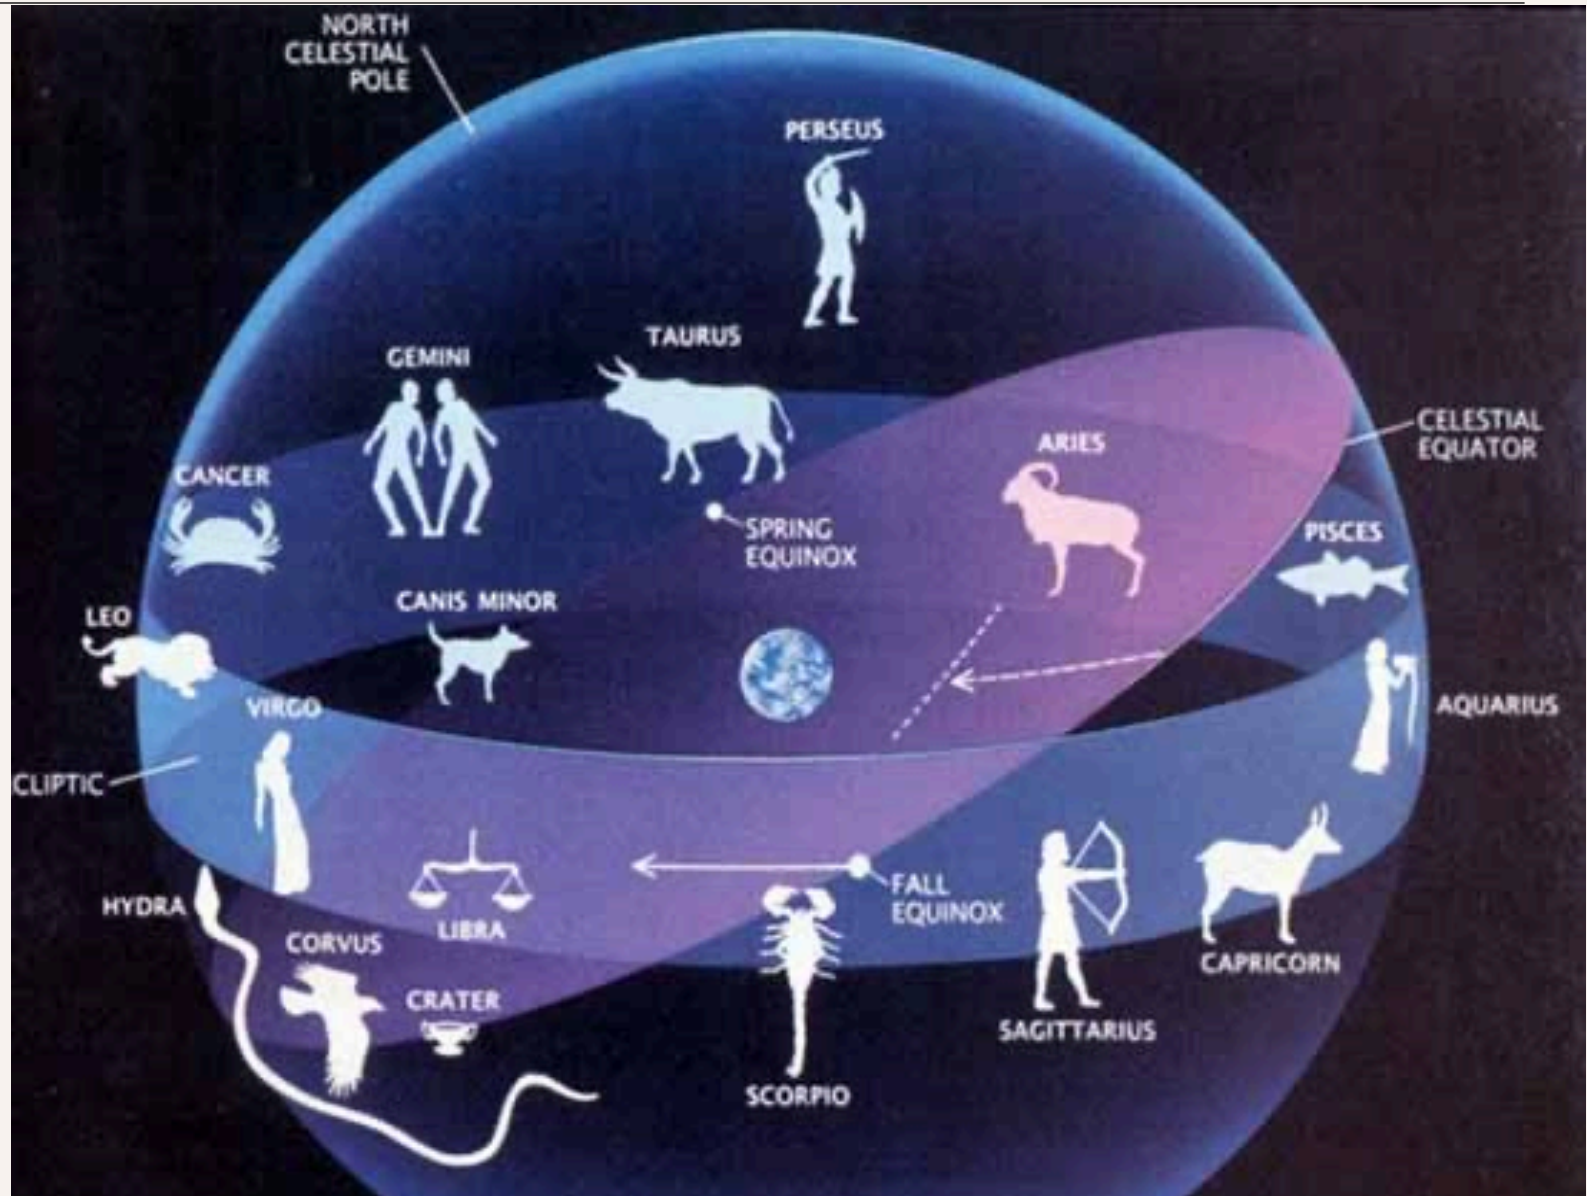

The Earth spins one cycle = **24 hours**

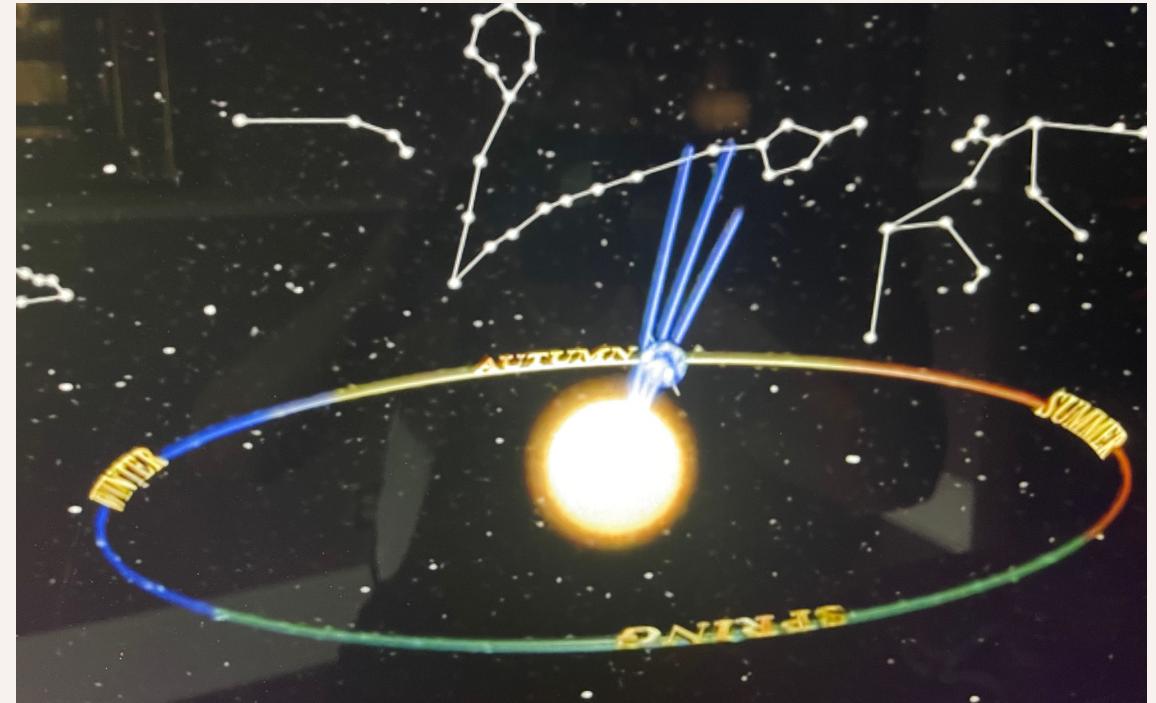

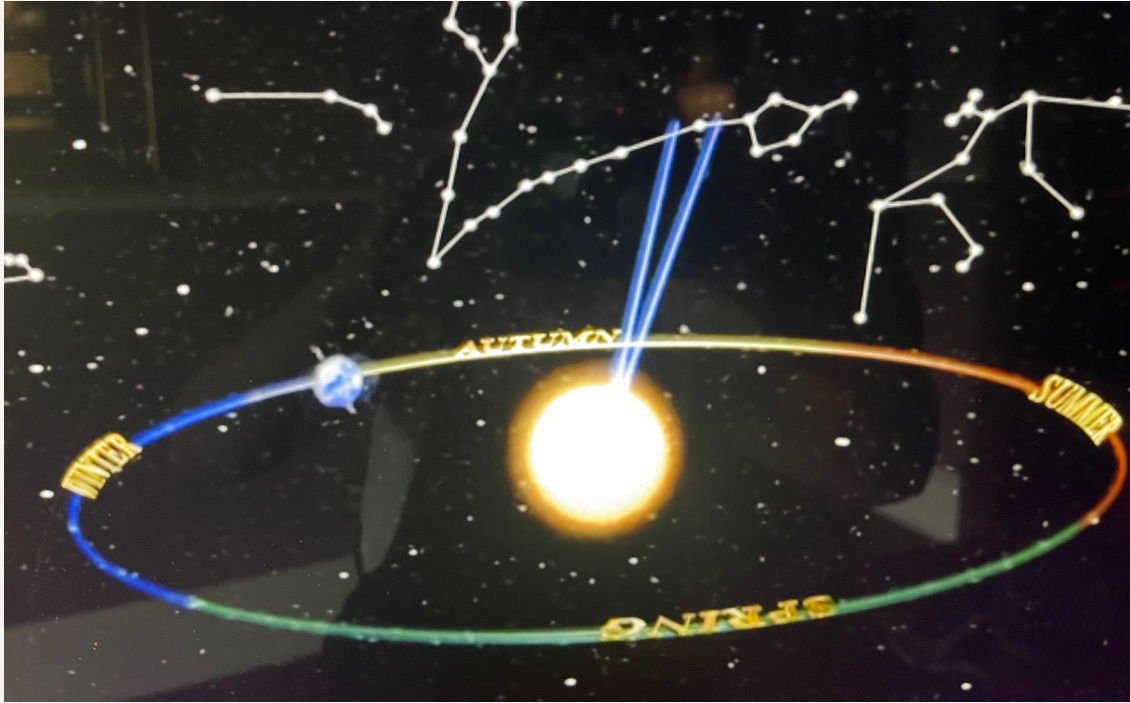

The Earth travels around the Sun each cycle = **365 days** or **one year**

The Sun with our solar system in tow travel in an ellipses (speculated to be the Binary Star Sirius) one cycle = **roughly 24,000 years**

Not moved by human emotions

He moved his emotions

Prayer is a frequency not words

Christ was not moved by his emotions; he consciously **MOVED** them. He was not moved by fear or any lower emotional value.

The Isaiah
Effect

*"Ask and you shall receive." Or,
"Whatsoever you shall ask the father in my
name, he will give it to you.*

Original Aramaic version:

*"All things that you ask straightly,
directly...from inside my name, you will be
given. So far you have not done this. Ask
without hidden motive and be surrounded
by your answer. Be enveloped by what you
desire, that your gladness be full..."*

Every emotion is a frequency!

Frequency communicates with the universal field of potential. When we emote, it is a request sent out to the universal source and it ALWAYS SOUNDS BACK TO US WITH MATCHING FREQUENCY. When they connect, we seed the field.

“I am the way, the truth and the life and no one comes to the father but by me.” John 14:6

What is the Father? Progenitor, source, creative impetus. If this account is referring to accepting Jesus into our hearts as our personal Lord and Savior, then why doesn't Jesus tell us to do this? Christ is a **WAY** of being. **LOVE, COMPASSION**

Something magical

When emotions are released something magical happens - quantum particles gather, and our request is activated. This is why it is so important to reign in our unwanted emotions. We must stop throwing our valuable emotional currency at the bad circumstances of life.

Emotions are the quantum building blocks necessary to procure matter.

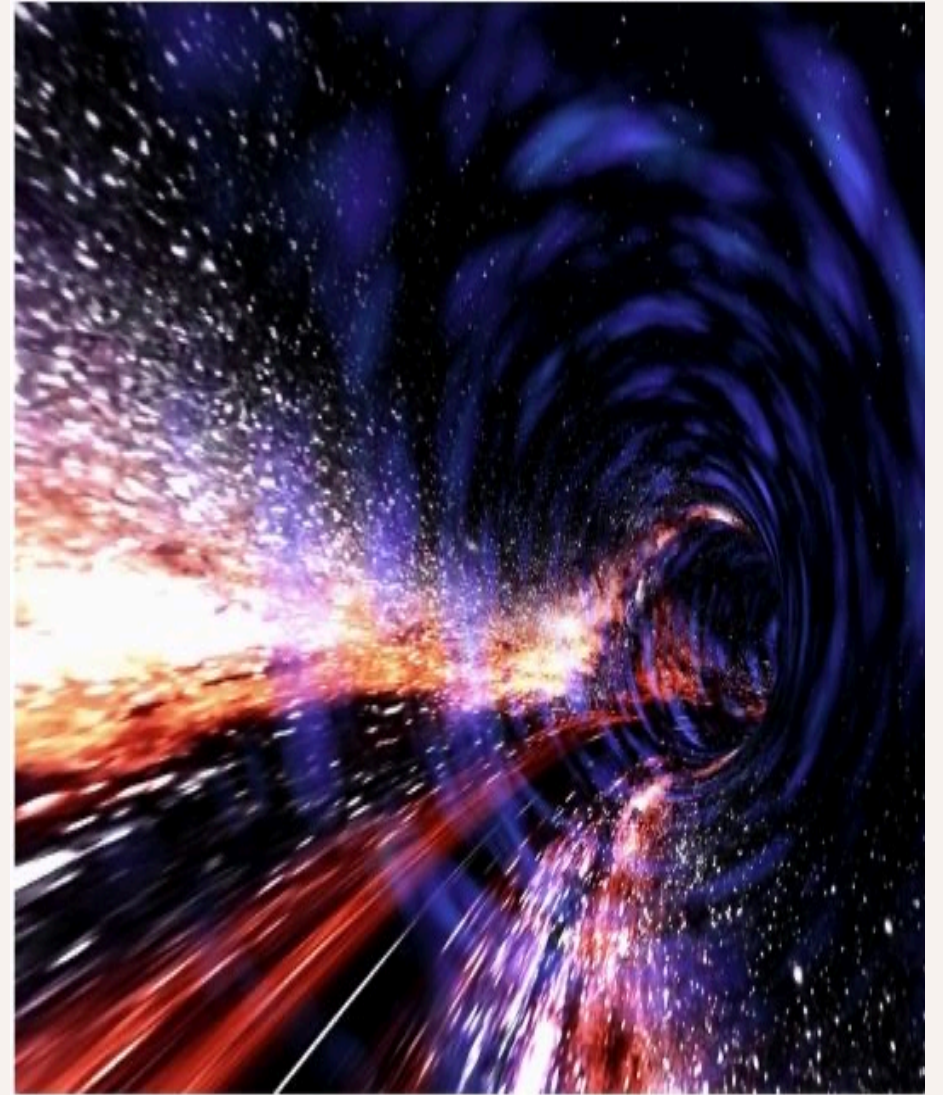

We create every time we emote,

NO EXCEPTIONS.

As you choose love over judgment you are bridging the gap between the heavens (next dimension) and the earth.

The altar of sacrifice is within you.

By disengaging your own emotional release, the dimension weakens, and you begin to create the bridge into the next.

Feminine, female: Womb/field of potential, incubates seed and egg, grows life inside

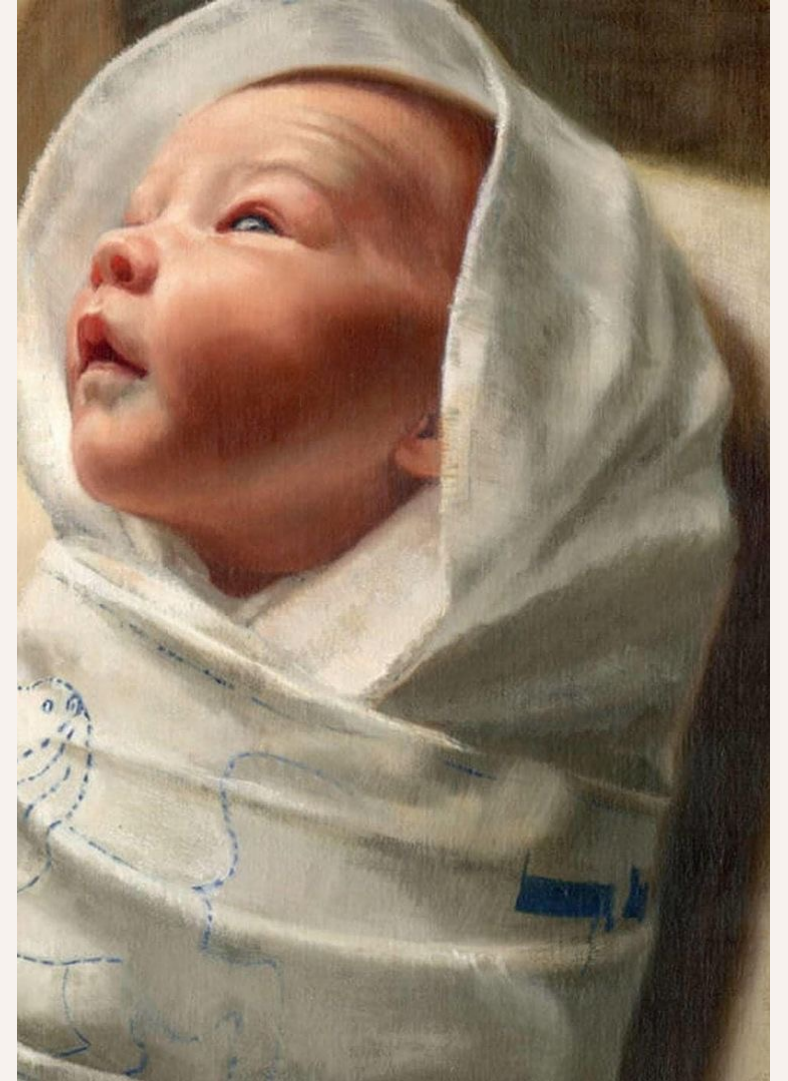

The feminine principle yields and is penetrated by the masculine creative seed principle

Creation is at work 24/7

Romans 1:20, NIV: For since the creation of the world God's invisible qualities—his eternal power and divine nature—have been clearly seen, being understood from what has been made, so that people are without excuse.

Who are you?

You are the babe wrapped in the swaddle of biology and have been born in the manger of humanity. When you come into union with your Divine counterpart, you are Emanuel - God within man. This is the Christ. The masculine and feminine wed, the bride and her groom - the bridegroom.

“Do you see oh humans of this present world? Do you understand? You are the template, the prototype of a new and universal species, part solar (God) part material (biology) both temporal and eternal, the species that will span the gulf between the visible and invisible, bringing new worlds into form. Through you a new and unprecedented cycle of creation will occur.” Ken Carey
