A time for encouragement, clarity and movement

A time for encouragement, clarity and movement

- ❑ All things and circumstances serve you
- ❑ Things don't happen to you, they happen for you
- ❑ You have chosen your life's path from before the foundation of the world
- ❑ You were/are hidden in "Christ" and the mysteries were/are made known to you
- ❑ It is not yet clear what we shall be - there is a "gap" in consciousness, a veil that separates the natural from the supernatural
- ❑ Our consciousness is couched in linear, logical awareness but the "brides veil" is about to be lifted
- ❑ You are about to experience a necessary shift in your conscious understanding of spiritual truth... "as lightning flashes from the east to the west..."
- ❑ The choice to evolve your spiritual consciousness and awareness is yours

A time for encouragement, clarity and movement

- A perspective shift is upon us - present perspective does not negate past perspective. Does the Sun rise in the east and set in the west?
- It will be necessary to let Jesus go... "It is necessary that I go away..."
- To understand where we are headed the history must give way to the mystery
- This is the new wineskin - the past consciousness will not bear present movement
- Christ is growing within your consciousness and will soon "overtake the garden"
- This new consciousness is too broad and deep for the logical mind to embrace
- You will make it through this transitional period
- You are promised birth after your labor

A time for encouragement, clarity and movement

- Carl Sagan said, "If you wish to bake an apple pie from scratch you must first create the universe"

A time for encouragement, clarity and movement

- ❑ From before the foundation of our world the material universe is conceived. The divine devises a plan and builds a platform from which to experience itself - this requires a material format and so the universe is created; stars, nurseries, galaxies and worlds are birthed
- ❑ Our earth becomes the platform in which the form of the human will incubate. This process requires billions of mortal years to evolve. Outside of time it occurs in the twinkling of an eye
- ❑ The form has evolved and his retrospective name is Neanderthal. A suitable partner for the divine to penetrate is complete
- ❑ Man seeks the missing link but there is none - the penetration of the divine into humanity causes immediate upgrade, quantum shift in biology and consciousness - Neanderthal had no "inspiration" or "imagination" and passed away. Homo-Erectus is now the byproduct of the divine spark within man

A time for encouragement, clarity and movement

- ❑ The partner has a form of consciousness and at some level has agreed for this co-habitation to occur. This archetype is like Mary who said, "Let it be unto me as you have spoken" after the messenger informed her (the womb) of the desire for the divine to couple within the human
- ❑ This virginal form of consciousness was able to grasp the divine plan - the form was called "virgin" because never before had divinity penetrated biology
- ❑ Deep inside the collective consciousness of the human being the divine spark invests itself - seed form into the mortal frame
- ❑ And the growth begins - the mustard seed is planted in the garden
- ❑ At some point the root breaks the pot - the confined area is too small - the former wineskin is incapable of containing "new wine"
- ❑ Consciousness experiences the divine inversion and begins to perceive the mysteries

A time for encouragement, clarity and movement

- ❑ Consciousness becomes aware of restriction and seeks movement
- ❑ There is a time crucial in the birth event where transitional pain brings confusion
- ❑ Transition is when the head reaches the birth canal and the bones in the mothers hips part to allow access
- ❑ The water breaks from pressure and gives way to aid in the movement out of restriction
- ❑ Water represents limited, dense human consciousness
- ❑ Ultimately what is birthed is separated from what allowed it to form

A time for encouragement, clarity and movement

- The Christ is born... within man himself springs forth the new creation, the Emanuel - God with man.
- Joy to the world, the Lord is come - let earth receive her king - let every heart, prepare Him room

A time for encouragement, clarity and movement

- ❑ You and you alone must discern your position as we pioneer from one age to the next
- ❑ Familiar language will keep you tied to an old wineskin or belief system, doctrines and dogma.
- ❑ New and evolving language will help challenge the mind to migrate out of the past and into the present
- ❑ Seek materials to aid you in your shift - the Christ within will guide you, but you must ask
- ❑ Hebrews 6 "Leaving behind the elementary things, the first principles of the teachings of Christ, let us go on to perfection..."
- ❑ Discern the age, LAW or GRACE - Paul was a bridge in consciousness

A time for encouragement, clarity and movement

- The thorn in Paul's flesh kept him from becoming "superior minded"
The word "superior" is linked with Melchizedek
- Suffering and affliction that must be filled up in the body
- The creature must discern between good and evil Hebrews 5
- The creature (biology) was subjected to futility not willingly but by the one who subjected it in hope (the soul in union with the divine)
- The symbolism of baptism
- The symbolism of communion - the road to Emmaus - broken bread

A time for encouragement, clarity and movement

- ❑ The ages of Taurus, Aries, Pisces and Aquarius
- ❑ The symbolism of the 6 water pots at the wedding at Cana
- ❑ The silver coin in the fishes mouth
- ❑ The silver chalice hidden in the bag
- ❑ The coming drought
- ❑ The protection of Israel in Egypt
- ❑ The deliverer is born
- ❑ Moses is given to another mother to raise - the vineyard is given to another landlord to keep

A time for encouragement, clarity and movement

- ❑ The passover - blood of the lamb on the portal - the firstborn does not have to die
- ❑ The shedding of blood - our DNA
- ❑ Migrating out of Egypt and through the Red-Sea
- ❑ Bitten by the fiery serpents a cure is found - brazen serpent on the pole - look to it
- ❑ Our ascending reptilian (fear-based) consciousness
- ❑ The Bible as a roadmap of our consciousness moving from law to grace, literalism to metaphor, history to mystery
- ❑ Jesus walking on water and bids us, COME
